

VOICES FROM LAOS

LEGACIES OF WAR | HISTORY | HEALING | HOPE

March - April, 2013

Dear Potential Voices from Laos Sponsor:

We are reaching out to you because we know you care about development and opportunity in Lao PDR, and the right of the people of Laos to live without fear of their own land. Legacies of War has been working since 2004 to raise awareness about the lingering effects of unexploded bombs in Laos left over from the Vietnam War era, and to increase the resources available to clear Laos of these deadly munitions. This April, we will travel to 12 cities across the U.S. with an unprecedented national speakers tour, *Voices from Laos: Clearing Bombs, Protecting Lives*, to tell the story of unexploded ordnance (UXO) from the perspective of the people of Laos themselves. **We invite you to join us as a sponsor of the Voices from Laos speakers tour.**

In these 12 cities [New York (NY), Fresno, Merced, Sacramento, San Francisco, and Palo Alto (CA), Portland (OR), Seattle (WA), Madison (WI), Minneapolis/St. Paul (MN), Harrisonburg (VA), and Washington, DC], we will organize 17 events, including speakers panel discussions, community dinners, and receptions, most of which will feature Lao food, art, and culture. We expect 75 - 500 attendees at each event including Lao and Hmong American community members, students and faculty from local universities, and members of the broader community interested in Laos and humanitarian action. We are confident the tour will attract extensive media coverage in local, ethnic, and national media of the Lao UXO issue and efforts underway to solve it.
